

Hands-on Internet of Things Specialization

IoT Devices Week 2 Honors

Question 1:

Check what applies to you (pick all that apply).

- **I have finished the lab assignment for week 2 honors section.**
- **I have posted the discussion forum entry for week 2 honors section and responded to at least two entries of my peers.**
- **I certify that I have completed these tasks to my own and best efforts, and that I am able to explain what I did.**

Question 2:

If you did the lab, you should know the answer to this question. In the lab, what program is used for doing first steps with the PiCar library?

keyboard_control.py
